6. Team Reports

6.1. Executive Team

Scott Ambs reported that the team met on Wednesday and reviewed financials and conference items. The team also discussed the nominating process and the election of officers. Scott also reported that Robbie Bellar is withdrawing from the board and is opening a seat on the board.

A question was posed about needing to appoint a replacement vs. filling the open seat during the elections.

6.2. Education Team

Chad Collins reported that not much has changed since the last meeting. Chad is working on communicating with MiCAMP to discuss education opportunities and working with the conference team.

Discussion regarding IMAGIN/MiCAMP working session at the conference.

6.3. Student Paper and Poster Competition Team

Pete Schneider reported that the scholarship checks were processed and sent a couple of weeks ago and a survey was transmitted as well. 160 surveys were sent with 32 respondents.

The SPPC Survey is attached to these minutes as Addendum 4: SPPC Survey

One paper presenter is confirmed for presenting at the conference. Changes for next year include the need for paper submissions to actually be in attendance and present to be able to win. The partnership with SEMCOG was well received and will look into a joint meeting and SPPC again next year.

Pete will be presenting at the April 3, 2014 State GIS Users Meeting regarding the SPPC and the state of Higher Education and GIS in the State of Michigan.

6.4. Professional Recognition Team

Diane O'Connell reported that the team has been working on defining the silent auction. The auction will proceed this year again with a general IMAGIN benefit. The team would like to have the entire board discuss the silent auction at the annual planning session to better define the scope and reasoning for the silent auction.

Question regarding the publicity of the awards and scholarships. The communication team will be handling that.

ACTION ITEM 2014-01: Each board member is requested to solicit and collect at least two (2) donations for the silent auction.

6.5. Communication Team

Sarah Merz reported that the team met on Wednesday and went over the publicity that will be coming over the next couple of weeks. The team is also working on the 2nd issue of the newsletter which will be mailed out the first week of April. The newsletter is coming together with Genesee County as the member spotlight, a feature article on the History of IMAGIN and coverage of the SPPC and the conference will be presented as well. Any suggestions are always welcome.

Social media presence and activity is going well as well.

1	Waiting to find out the results on-line!	Mar 4, 2014 10:04 AM

Page 4, Q11. Please take a few moments to tell us of any suggestions you may have to help improve the competition. All suggestions will be evaluated in order to improve future competitions.

1	Include specific judging criteria to allow students to better prepare for the competition.	Mar 4, 2014 3:32 PM
2	Keep up the good work.	Mar 4, 2014 2:37 PM
3	the location of the competition separate of the regular IMAGIN conference is not well suited for those of us that live in work outside of southeast MI. Attendance would likely be higher if these activities were held at the IMAGIN conference which is more centrally located in the state.	Mar 4, 2014 9:15 AM
4	We've tried to sponsor competitions here at Calvin with little traction--either the prizes need to be bigger, or the advertising needs to be wider, or we need more effective campus organization to motivate and equip faculty and students to compete. I suspect the latter is the most important. IMAGIN should start working now to recruit and mobilize an interested team from Calvin to participate next year. I can consider participating in this, but my role's exposure to students is limited relative to teaching faculty.	Mar 4, 2014 8:52 AM
5	I would really like our undergraduate students to be involved in this event but they need a long lead time.	Mar 4, 2014 8:46 AM
6	Change the mix of judges to one or two from academia, one from government/public sector, and one from private sector.	Mar 4, 2014 8:27 AM
7	Larger space for student poster competition	Feb 26, 2014 10:44 AM
8	Not sure	Feb 25, 2014 2:49 PM
9	Have the students that cannot attend video conference in or have them record themselves explaining the research/ paper or poster	Feb 25, 2014 2:22 PM
10	Since there isn't a lot of people competing/presenting, maybe there can also be a speaker or professional in the GIS field who can also present on their work.	Feb 25, 2014 1:49 PM
11	Before the event day, an email should be send to all the participants with the winners names.	Feb 25, 2014 1:47 PM
12	I was informed of the competition the week papers were due. Multiple departments at my university said they didn't hear about the IMAGIN conference until the week papers were due. Making sure there is good communication between the conference planning committee, universities, and students will improve the IMAGIN competition experience.	Feb 25, 2014 1:43 PM
13	Use diverse judges- so those students who do theoretical spatial work or even geologic/environmental application have a fair opportunity.	Feb 25, 2014 1:18 PM
